

Support Escalation Policy

Synthetic enterprise knowledge-base content for the Enterprise Knowledge & Support Copilot.

Severity

SEV-1: widespread outage or severe financial impact. SEV-2: major customer-impacting degradation. SEV-3: isolated issue with a workaround. SEV-4: general information or low-impact request.

Escalation triggers

Escalate immediately for suspected financial duplication, security compromise, systemic payment failure, or production incidents affecting many customers.

Required information

Include customer-safe identifiers, order_id or payment_id when applicable, timestamps, observed status, provider response, and steps already attempted.
